**West Lake Sammamish Parkway Improvements
OPEN HOUSE**

Date: Thursday, September 20

Time: 5:30 to 7:30 pm.

Location: Redmond City Hall

Improving West Lake Sammamish Parkway

What's Happening?

The City is continuing to work on a preliminary design study that is looking at roadway and intersection improvements on West Lake Sammamish Parkway between Bel-Red Road and NE 51st Street. The study's purpose is to develop and evaluate alternatives that address mobility, safety, aesthetic, and multi-modal issues.

Why do a Study?

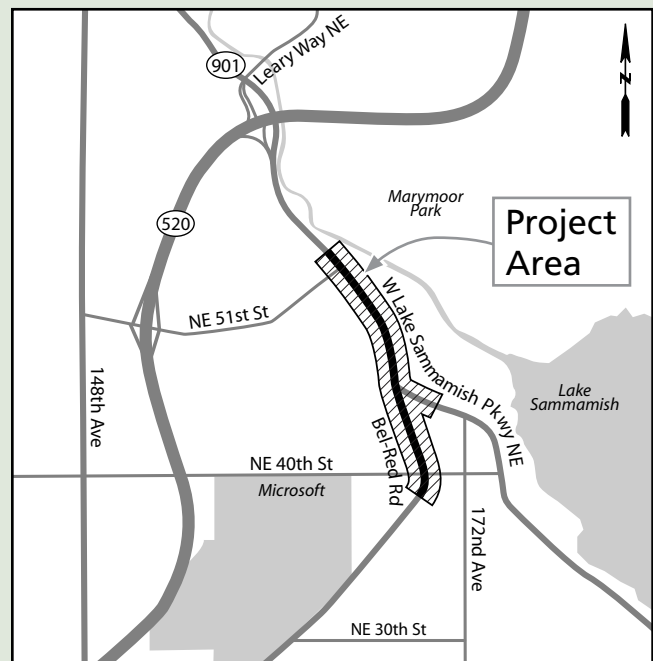

This roadway segment is identified in the City's Comprehensive Plan and Transportation Master Plan as a key arterial linking Redmond and Bellevue. Intersection improvements at Bel-Red Road and NE 51st Street are included in the Bellevue Redmond Overlake Transportation Study (BROTS) agreement, a mutual commitment between the Cities of Bellevue and Redmond to address traffic issues. This study will take a comprehensive look at the corridor to determine the future configuration of the roadway and intersections. Constructing these improvements will complete the final phase of the Westlake Sammamish corridor between Leary Way NE and Bel-Red Road.

What is Being Considered?

Improvements currently being considered include dedicated space for pedestrians, bicyclists and landscaping; center turn lane; additional travel lanes; and intersection improvements such as traffic signals and roundabouts. In addition, roadway lighting, drainage, undergrounding of existing overhead utilities, and retaining walls will be examined.

Project Status

Field survey and preliminary traffic analysis work have been completed and conceptual design alternatives have been developed based on the results from the traffic analysis. The community will have the opportunity to review this information and provide feedback at the upcoming open house. Following the open house, the next step in the design process will be the development of a preferred alternative. This project is currently not funded for construction.

Tell Us What You Think

Community Open House

Date: Thursday, September 20

Time: 5:30 to 7:30 pm

Location: Redmond City Hall

This open house will provide an opportunity for the community to review preliminary design information and discuss the project with City staff.

Newsletters and project updates are available on the City's website (www.redmond.gov).

Stay Involved

- Visit the project website at: www.redmond.gov, click on Connecting Redmond under Quick Links and click on Studies
- Take a look at newsletters distributed within the project area to inform you about alternatives being considered
- Join us at the **OPEN HOUSE** on September 20 and provide your ideas and comments

Contact Information

For more information or to comment on the project, please contact Mike Paul:
